AMENDMENT AND RESPONSE TO OFFICE ACTION

This Amendment is filed in response to a non-final Office action dated April 20, 2007, setting a shortened statutory time for response expiring on May 21, 2007. This submission is filed on June 28, 2007, and therefore payment for a two month extension of time is due and enclosed. The Office required restriction and an embodiment election in the Office action. Careful consideration has been given to the grounds for the restriction and the species election, and the following elections, amendments and remarks are offered in response.
